ABOUT 3CR

When 3CR gained its licence in 1976 it was considered Australia’s first community-owned and community-run grassroots radio station. Now in its forties, the station is well-known as a political and social justice broadcaster. We prioritise the voices of women, First Nations people, workers, refugees, and the many issues and people misrepresented and under-represented in the mass media.

3CR holds a deeply informed and radical philosophy of what radio and community media can be. Shaped and guided by the volunteers and communities who pass through the station everyday, 3CR remains a vital organisation within the community media landscape.

3CR provides a number of services for organisation to help promote your work, campaigns and ideas. We offer on air promotion, tailored training and station tours.

3CR is proud to acknowledge the Wurundjeri people of the Kulin nation, traditional owners of the land from which we transmit people powered radio.
WHY RADIO?

Radio cuts through our oversaturated media landscape, providing listeners with a trustworthy, up-to-date and engaging source of information.

Over half of all Australians continue to listen to radio everyday, with the number of listeners to community radio increasing steadily over the past ten years. Radio is a responsive and interactive medium, unlimited in its reach.

Radio can tap into specific communities as well as broadcast across diverse audiences. Whether it’s over breakfast or before bed, setting agendas or starting conversations, special broadcasts or the same-time-same-show every week, radio is, and continues to be, an important part of the Australian media landscape.

3CR has an engaged and active listening and broadcast community. Each week more than 400 volunteers produce and present programs, creating nearly 125 unique radio shows in around 15 different community languages.

Our content is made available across a diverse range of platforms including online, via 3CR Digital, and on 855AM. Content is also available anytime with podcasts and audio on demand.

Our listeners number in the tens of thousands, and they let us know what they love about us.
‘Thank you for your wonderful ongoing support for independent artists, diverse musical genres and important community issues.’

‘Thank you for your wonderful work and activism. I don’t get to tune in all the time but the station is more than its on-air content.’

‘Thanks 3CR, one of the biggest influences on my life and always great to see how you keep providing that open door to new voices.’

3CR SERVICES

ON-AIR COMMUNITY ANNOUNCEMENTS
On air announcements get your ideas and events out to our engaged listening audience. We offer translation services in around 15 languages and can broadcast your announcement around 25 times per week for up to four weeks, fees are tiered based on your organisation’s funding.

TAILORED TRAINING
We offer radio training to community groups that can be tailored to your needs. Our broadcast training covers all aspects of producing radio from design and delivery to media law and technical skills. You can choose to focus on any component within this course, customising the training to your specific needs.

We also offer media skills workshops for your members who engage in communication work. Workshops can cover interview skills, approaches and techniques, scripting and preparing answers, question and answer delivery, reinforcing key messages, dealing with difficult questions.
PODCAST TRAINING
If you are interested in producing a podcast, 3CR can provide both training and facilities to record your project. You can hire studios with technicians who can manage the technical aspects of recording and post production. We also offer you tailored podcast training and studio hire to record and produce your podcast.

‘We’ve had a fantastic experience producing our podcasts at 3CR. It was very easy to get started, as we were given a number of options with regard to how much support we needed. We chose to hire the studio with a technician which has made the production very easy as we didn’t have the technical skills. Nicky our technician has been both warm and welcoming, offering a wealth of knowledge and experience in radio and podcast production.’
—Rachel Paterson, Banyule Community Health

STUDIO HIRE
Our studios are available for hire to individuals and organisations. Prices include technicians and are suitable for broadcast quality recording.

STATION TOURS
Station tours are a great opportunity for organisations or school groups to see a thriving community radio station in action. Tours can be tailored to your needs and are conducted by volunteers with considerable broadcast experience. You can include time in the studio to give your participants an insight into broadcasting. Tours take about one hour and can be scheduled at a time and day that suit your needs.

‘Students saw a live broadcast through a window in a luckily soundproof room as they could hardly contain their excitement. They also had the opportunity to record their own segment with Lara to be used when they take over the school intercom at lunch time to broadcast live to their fellow students and teachers, in the coming weeks.’ —Mel and Marnie, St. Gabriel’s Primary School, Reservoir

PARTNERSHIPS

3CR works with a wide range of organisations to deliver media opportunities in training and on air programming. There are a number of ways your organisation can work with 3CR depending on your interests and budget.

3CR AFFILIATES

3CR prides itself on being actively run by the community and providing a high level of media access and participation. One way it does this is through its operating structure.

3CR affiliate members help to build a strong, independent radio station that gives the disadvantaged in our community media access.

Affiliate members of the station ‘own’ 3CR and help ensure active community involvement in the station’s effective management and operation. Each affiliate has a representative on the Community Radio Federation where station policy and direction is determined.

We currently have 33 organisations as affiliate members. If your organisation is interested in contributing to community-controlled media, please contact the station manager for more information.

TRAINING AND PROJECT OPPORTUNITIES

Each year 3CR facilitates external projects offering training and skills development to community organisations, government-funded initiatives and health and social service providers. Recent examples include a training project in collaboration with the Australian Muslim Women’s Centre for Human Rights and ongoing training projects with Unison and Wellways that focus on homelessness and mental health issues.

‘Unison Housing thoroughly endorses its long-term partnership with 3CR for its professionalism and demonstrated commitment with our Roominations weekly radio program on homelessness and social housing. 3CR offers a unique, inclusive, supervised, safe community learning space for our residents — some of whom experience significant disadvantage.

Our partnership delivers opportunities for our residents to participate economically, socially and civically through 3CR’s specialist radio broadcasting training, education, programming and development. It also delivers great outcomes including increased capacity building and community strengthening.’ —Deborah Wilson, Unison Housing

‘The Australian Muslim Women’s Centre for Human Rights has a long and ongoing relationship with 3CR and has worked collaboratively with them on a number of projects and initiatives that enhance young Muslim women’s skills and supports them in navigating their personal and professional aspirations.

We highly value the work being carried out by 3CR and look forward to working together again to empower young Muslim women’s voices in a meaningful way.’ —Ambreen Mirza, AMWCHR

Our training and project opportunities are adaptive and flexible, if you are interested in discussing your ideas, please contact the station’s projects coordinator.

FINANCIAL SUPPORT

3CR seeks to increase our income through untied funding such as donations, bequests and sponsorship from organisations that share our progressive social objectives. This allows us to maintain our independence from government and business.

DONATIONS
We conduct an annual donor drive, a two-week live on air Radiothon appeal. During this time we reach out to our listeners and ask them to support their favourite shows. We raise a third of our operating costs during Radiothon, but both encourage and accept donations at anytime throughout the year. Donations to 3CR can be made in person, over the phone or online. All donations over $2 are tax deductible.

REGULAR GIVING
We run a giving program where supporters can make regular monthly donations. These donations go towards funding our station programming and infrastructure. Regular Giving provides donors the peace of mind that they are helping us throughout the year and providing the station with a steady source of income.

SPONSORSHIP
3CR provides sponsorship opportunities for businesses and or organisations that hold progressive social objectives. Prices are affordable, tiered and provide both on air and online acknowledgement. Our diverse program grid offers numerous ways for your organisation to reach an engaged audience.

BEQUESTS AND GIFTS IN MEMORY

Supporters can make a lasting contribution to independent progressive radio by leaving a bequest in their will. A bequest gives supporters a chance to carry their life passions and commitments on into the future.

3CR has benefited from the generous support of a number of listeners who have made a provision to the station in their will and others who have made gifts in memory of their loved ones. These gifts have enabled us to undertake capital works outside of our operating budget, such as renovation to studios, purchase of equipment and building maintenance.
