Please describe any experience you have working in a community organisation?

## INTERESTED IN PROGRAMMING?

You do not need previous radio experience to become a programmer at 3CR. However, an understanding of the history of 3CR, current programming and listening to as many of the programs on the grid within your genre of interest is recommended.

What program(s) are you interested in joining? Do you have any relevant experience or skills to contribute to this program?

Do you want to propose a new program? If so, briefly detail your ideas.

## GENERAL VOLUNTEERING
